Maker unknown

Medium

Glass

Description

Glass lead crystal, two-tiered epergne. Top section consists of vase form with flared top and bulb-shaped bottom. This is attached to a central shallow bowl. The bowl rests on a footed base. Top section of base is a bust of a woman with an acid-etched finish. It rests on a mold-blown base with scalloped edge. The vase-shaped top and bowl are acid-etched in a berry and vine pattern.

Dimensions

Overall: 22 1/2 × 11 5/8in. (57.2 × 29.5cm)
